## Concluding Words

As a development organization, **SHEBA MANAB KALLYAN KENDRA-SMKK** is committed to its target communities in eradicating their poverty and trying to address multifarious socio-economic issues which are encumbering the process of development. The organization follows the strategy of partnership and participatory program planning and implementation to build an ownership attitude among the target service recipients from which those beneficiaries can go forward with their own initiative and ultimately reduce the dependency on the external.

**SMKK** always emphasizes the importance on baseline study and performance evaluation at different stages of the project implementation to improve the service delivery mechanism. These strategies are also improving the competences of the staff members through the feedback and lessons sharing from the evaluation. As usual, the overall performance of the projects implemented during the year of 2019 was found to be highly satisfactory. The project coordinators, /managers assigned for each project and the field team have shown their dedication in accomplishing their duties and tried to complete all planned activities within the time frame allowed for the project.

**SMKK** has running with the support from different national and international development partners. It is absolutely a non-profit organization and has no large fund for undertaking long term program for the target beneficiaries. Therefore, **SMKK** is placing its appeal for financial assistance from institutions and individuals to support in the development initiatives that urgently needed to support the disaster victims and other vulnerable communities.

**SMKK** has experienced and dedicated staff members who are committed to their jobs and the organization follows the strategy of human development for which we can assure that any resources received from the donors would be best utilized. Our financial management is more transparent and audited by the competent Chartered Accounting Firm in each year and has no restrictions for any donor agencies for verification. We have strong relationship with the local administration and local government that privileged to ensure our services to the most deserve beneficiaries without any discrimination. We tried our best to reach the most vulnerable and deprived people and stands beside their initiative with our limited resources.

**SMKK** has persistently trailing forward to overcome those issues which are mentioned above. **SMKK** need cooperation and sharing of other development partners for consolidation of their hands. We acknowledged patronage and encouragements received all-way-long from a host of national and international friends and development partners and hoping their continual support in coming days as well.
